Our private workspace allows you to have your own private room to work in. Why not break free from the office, or working from home in isolation, by booking our Espresso hub? Working from a Coffee House can improve your wellbeing, lower your stress levels and provide a change to your usual work environment. Rather than trying to work on a cafe table, our Espresso Hub has been purposely designed and equipped to provide a more personalised and comfortable working experience.

Food Allergies:

Allergens are present within our Coffee House and Kitchen. If you have a food allergy/intolerance, please let us know. We have an ingredient booklet available.
